Professional Summary

Results-driven Senior Software Engineer with 8+ years of experience building scalable web applications and leading cross-functional teams. Passionate about clean code, mentoring junior developers, and delivering high-impact solutions in fast-paced environments.

Experience

Senior Software Engineer — Kumu Labs

March 2021 – Present

- Led a team of 5 engineers to rebuild the core streaming platform, reducing latency by 40% and supporting 2M+ concurrent users
- Designed and implemented a real-time chat system using WebSockets and Redis Pub/Sub
- Mentored 3 junior developers through code reviews and pair programming sessions
- Collaborated with product and design teams to define technical roadmaps and sprint goals

Software Engineer — Pixelhaus Studio

June 2018 – February 2021

- Developed and maintained client-facing web applications using React, Node.js, and PostgreSQL
- Built a custom CMS that reduced content publishing time by 60% for non-technical users
- Integrated third-party APIs including Stripe, Twilio, and Google Maps
- Wrote unit and integration tests, increasing code coverage from 45% to 85%

Junior Developer — Freelance

January 2016 – May 2018

- Delivered 12+ websites for small businesses and startups
- Managed client relationships from initial consultation through launch and maintenance

Education

Bachelor of Science in Computer Science — University of the Philippines Diliman, 2012 – 2016

Skills

JavaScript, TypeScript, React, Node.js, Python, PostgreSQL, Redis, Docker, AWS, Git, CI/CD, Agile/Scrum
