DE 2017/2102/Sup1/ABV/Nov17 - 2/8

Ref. Number: 2017/2102/Sup1/ABV/Nov17
Product Name:
Strength:
Pharmaceutical Form:
Active Substance:

FACTOR VII

Powder for solution for injection
Vials
Human coagulation factor VII

Pack Size: 1 Vial
Route of Use: IV
Vials: 1
Container: Vial
Closure: Stopper
Cartridge: Not Required
Label Claim: Each vial contains nominally 2000 IU human coagulation factor VII. After reconstitution with 5 ml water for injections, the concentration is approximately 400 IU/ml.
