Summary

Results-driven Software Engineer with 5+ years of experience developing and maintaining scalable web applications. Proficient in JavaScript, Python, and cloud technologies. Strong problem-solving skills and a passion for delivering high-quality code. Seeking to leverage technical expertise and collaborative spirit to contribute to innovative projects.

Experience

Software Engineer | Apr 2021 – Present
Cascade Analytics, Vancouver, WA

- Developed and maintained RESTful APIs using Node.js and Express, serving over 1 million requests per day with 99.9% uptime.
- Implemented automated testing suites with Jest and Cypress, increasing code coverage from 60% to 85% and reducing bug reports by 30%.
- Collaborated with cross-functional teams to design and launch a real-time data visualization dashboard, improving user engagement by 25%.
- Optimized database queries and implemented caching strategies, reducing average response time by 40%.

Junior Developer | Jun 2019 – Mar 2021
Riverstone Digital, Portland, OR

- Built responsive front-end components using React and Redux for a client-facing e-commerce platform.
- Assisted in migrating legacy PHP codebase to modern JavaScript framework, improving maintainability and performance.
- Participated in daily stand-ups and sprint planning sessions, contributing to Agile development process.
- Wrote unit tests for new features, maintaining a minimum of 80% code coverage.

Education

Bachelor of Science in Computer Science | 2015 – 2019
Portland State University, Portland, OR

Skills

JavaScript, Python, Node.js, React, Redux, Express, SQL, PostgreSQL, MongoDB, RESTful APIs, Git, Docker, AWS, Agile/Scrum, Jest, Cypress, HTML5, CSS3

Awards & Activities

- Dean's List, Portland State University, 2017 – 2019
- Volunteer Coach, Code for Kids, 2020 – Present
